

WINDWARD OUTDOOR

DESIGN LIFE OUTDOORS

RESIDENTIAL 2025 / 2026

LIVING OUR VALUES

At Windward Outdoor, our first goal is to bring honor and glory to our creator, God, in everything we do. We do this by manufacturing the highest quality products, delivering our products on time and going beyond your expectations with our customer service.

All of this starts by living our Core Values of honesty, efficiency, attitude, respect and trust. We not only say this, but we believe it. We hope our products help you take life outdoors™.

– The Yoder Family

We invite you to lay back and enjoy the best of each season. Whether a slow, hot summer day or a cool, crisp fall evening, our distinctive collections allow you to celebrate life outdoors with family and friends. Each line provides flexibility that express your lifestyle in creating memorable and effortless outdoor spaces.

_ Sam Yoder

OUR TEAM

This space was originally earmarked to introduce you to Windward's leadership team, but as much as we would like to take the credit for our success, all of us know that it takes a village to raise an outdoor furniture company.

It is our incredibly talented factory team, dedicated office staff, brilliant supervisors and our superstar sales team that deserves the credit. Without them, we would be nothing. And for that, we are grateful and proud.

MARINE GRADE POLYMER COLLECTIONS

Marine Grade Polymer (MGP), is a form of plastic called high-density polyethylene (HDPE). MGP will not rot, swell, blister, or delaminate. It is a non-porous material and will not absorb dirt, chemicals, or any liquid, including red wine and permanent marker, making it very easy to clean. MGP holds up in salt water and chlorinated environments without fading or breaking down. It's strength and durability are well suited for coastal and commercial environments.

ALUMINUM COLLECTIONS

Windward uses the highest quality materials available for outdoor furniture manufacturing. Windward uses commercial grade, domestically milled aluminum extrusions, many of which are proprietary and have internal reinforcing ribs to provide the additional strength expected when purchasing a quality, domestically manufactured piece of outdoor furniture.
